

BI ROADMAP

KANSAS CITY PUBLIC SCHOOLS

Project Goals

As part of a non-profit business analytics initiative, in collaboration with the Kansas City, Missouri (KC) Public School System and Local Law Enforcement, the objective is to analyze crime data in the surrounding areas and provide actionable insights and strategies to enhance campus safety for students and staff.

The primary goals are:

1. Crime Rate Analysis
2. School-Specific Insights
3. Geospatial Visualizations
4. Safety Enhancement Strategies
